KOSTER AMERICAN ANNOUNCES EXPANDING STAFF TO SUPPORT GROWTH

KOSTER American is proud to announce two strong additions to our polymer coatings R&D team. Humayun "Harry" Khan joins as Senior Chemist to lead our polymer coatings R&D efforts. Harry has over 35 years experience in polymer coatings product development with major international companies. He received his undergraduate degree in Chemical Engineering at Osmania University and his M.E in Chemical Engineering from the University of Detroit. Amber Plotner joins us as QC/R&D Chemist after earning dual-major B.A.Sc. Chemistry and Biology degrees from Old Dominion University where she was awarded the ACS National Undergraduate Award in Organic Chemistry.

KOSTER American has invested significantly to enhance R&D and Technical support staff and facilities for our complete line of moisture

mitigation, waterproofing, and concrete repair products at our North American headquarters in Virginia Beach, VA. At our fully-equipped training facility, applicators gain essential hands-on experience with our products led by our experienced technical trainers.

To support our continuing growth, KOSTER American also is proud to announce the addition of Samantha Samples to the Marketing Department as Marketing Assistant. Samantha graduated, with honors, from DeVry University with her B.A.Sc. in Multimedia Design and Development.

KOSTER American continues add to our extensive line of 100+ products. Our Technical Team now has over 100 years of combined experience to stay at the cutting edge of product development and support your most challenging new projects.
